\$500 REWARD

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

Mrs. Alice Adams, of Laboratory, Washington Co. Pa., says: "With many thanks I write to let you know how I am. I can say by God's help and your help I am well. I have taken six bottles of Dr. Pierce's Favorite Prescription and two of his 'Golden Medical Discovery' and I can do all my work. I can't praise your medi-cine too highly. SPECIAL BY CABLE TO THE NEW YORK HERALD AND THE ST. LOUIS REPUBLIC. Ostend, July 11.—(Copyright, 1903.)—So far the bethers here have not followed the example of the fair American, who took a daily plunge in a dainty garment of bril-liant satin. Fancy bathing costumes, however, are certainly to the fore this year. As many Americans as usual are here several of them being on committees for the season's sports programme.

The Union Nautique Ostandaise, by th way, has changed its name to the Yacht Club D'Ostende, and is arranging a number of important races.

Former State Senator Explains Vote on Excise Commissioner Bill. Former State Senator Charles E. Peers of Warrenton, in a letter to The Republic confirms the Stone-Peers version of the efforts which were made to kill the bill reducing the fees of the Excise Commission er in 1897. The letter is as follows: To the Editor of The Republic:

To the Editor of The Republic:

"Kansas City, Mo., July 10, 1903.—I have just read in The Republic of this date the interview with Colonel Lancaster and Governor Stone on the excise bill, about which I was called to testify before the St. Louis Grand Jury. Mr. Lancaster puts the matter in the true light in this interview, except that I have no recollection of Governor Stone naming any amount that the office was worth to the party in the State. I voted for the bill at the suggestion of Governor Stone and for the reasons given. I am a strict party man and have no apology to offer for action in that matter, and would do the same thing again under similar circumstances.

AMERICAN WOMEN DISPLAY WEALTH OF JEWELS AT OPERA.

SPECIAL BY CABLE TO THE NEW YORK HERALD AND THE ST. LOUIS REPUBLIC. London, July 11 .- (Copyright, 1903.)-A New Yorker who was present at the gala performance of the opera Tuesday night told me afterwards that he could not understand why the English loved a monarchy. It was most brilliant performance of the kind that has taken place within living memory and eclipsed, according to testimony, the several American gala performances at the Metropolitan Opera-house in honor of Prince Henry of Prussia, Much of the effect was, of course, due to

the brilliant uniforms worn by a majority of the men, but the jewels worn by the vomen also contributed.

"Perhaps the greatest display in the house," writes a society correspondent, "was made by Mrs. Perry Belmont, whose enormous necklace of cabochon emeralds and diamonds was nearly a foot deep. It was marvelous. Everybody was looking at it. The Duchess of Westminster wore a pointed diamond crown, which is an old

family jewel, and is not so effective as it might be, few perceiving that it contains two diamonds worth nearly \$150,000. "Mrs. Arthur Paget's crown of diamonds and emeralds was voted very handsome Mrs. Bradley Martin was another of the Americans literally covered with jewels,

and her daughter, Lady Craven, was also very resplendent. The Baroness de Meyer who will not be able to accompany her hus band on his coming visit to the United States, wore a necklace of about nine rows of diamonds, which had a gorgeous effect.
